# THE CRAFTSMAN HOME BUILDERS CLUB

---

**T**HE CRAFTSMAN HOME BUILDERS' CLUB includes all yearly subscribers to *THE CRAFTSMAN*. To belong to it implies neither dues nor obligations of any sort—only the right to claim a benefit that we are glad to share with those interested in our work.

Anyone who wishes may become a member simply by sending in a year's subscription to the magazine, and all members are entitled free of charge to the full working plans and instructions for building, in the Craftsman style of construction, of any one of the Craftsman houses published in the magazine.

We are glad to give this privilege because we believe so thoroughly in the Craftsman house. It is the result of long and careful study of the most practical methods of planning, building, decorating, and furnishing houses that shall be permanently satisfying as homes, and its style is distinctly its own. With other styles we have nothing to do, but on the Craftsman style of building and furnishing we are the authority, and all our knowledge and experience is at the disposal of those who want to know what not to do as well as what to do in creating their home surroundings.

Craftsman houses vary widely in size, style and price, but all are based upon the same fundamental principles of simplicity, good construction, and such arrangement of interior space that the daily work of the household is simplified as much as possible. The interior is always so planned that the greatest amount of space and freedom is secured within a given area, and the structural features are especially designed to give such a sense of completeness in themselves that the furnishings may be limited to what is actually required for daily use.

One house, with perspective drawings of the exterior and parts of the interior, elevations, floor plans and full description, with suggestions for color scheme and furnishing, is published each month in *THE CRAFTSMAN*. Sometimes Craftsman cottages or bungalows are substituted or added, and the plans and instructions for these are given as they are for the regular houses of the series.

The publication of the Craftsman houses began in January, 1904, and there are twelve each year. Any member of The Home Builders' Club may select any one he chooses of the entire series and receive free the plans and instructions. In the event of the plan chosen not being exactly suited to a given location or to individual needs, any alteration of the plan will be made in our drafting-room, if desired, at a reasonable charge.
