

About the Artists

Dennis Connell from Nekoosa, Wisconsin, is an avid nature photographer. For the past 13 years he's been photographing wildlife and nature. Dennis enjoys digitally capturing wildlife doing what it is they do in their daily lives: feeding, nesting, courting, caring for the young, hunting, or whatever it is they need to do to preserve their species. His goal is to produce sharp clear images of the subject for himself and others to enjoy. You can see more images at: www.freewebs.com/dcimages

Stephen Fisher is a serious amateur photographer, enjoying both landscape and wildlife photography. He is a retired high school English teacher who worked as an environmental/wildlife educator and Education Director for the Raptor Education Group, Inc. (REGI) for seven years following his retirement from teaching in Wausau. He is now a volunteer at REGI, rescuing and/or transporting sick and injured birds. He and his wife, Evelyn, have always enjoyed and respected the natural world, and he has a special appreciation for birds, particularly raptors. He also enjoys traveling, reading, hiking, snowshoeing, observing wildlife, spending time at his cabin in northern Vilas county, walking his dogs in the wonderful Wisconsin outdoors, and lifelong learning.

Michael J. Huebschen, age 63, has been an amateur wildlife photographer for about 45 years. He is retired

from UW-Oshkosh and lives in Oshkosh, Wisconsin, with his wife Cynthia. They enjoy travel, wildlife observations, hiking, canoeing, and fishing.

Bob Larson, who lives in Kaukauna, is an advanced amateur photographer who concentrates his photography in the Fox Valley area. All nature centers and Haunts areas are fair game. Outagamie, Winnebago, Calumet, Brown, and Waushara Counties get the most attention. He switched to digital just before it became affordable and has been learning ever since.

Dave Lund is an amateur photographer who lives near Eau Claire. Following his retirement as a Mathematics Professor at UW-Eau Claire in 2000, he and his wife Judy now include birding and photography as part of all of their travels. Although many of his pictures are taken in Wisconsin, wintering in the southern US has provided many additional opportunities birding photography experiences. He has recently begun making presentations on birds and birding.

Tom Wright is an amateur photographer who resides in Wales, Wisconsin, with his wife and two sons. When not focused on his family and work in IT/Engineering, much of his free time is spent outdoors photographing nature, especially wildflowers and birds.
