DEPARTMENT OF THE INTERIOR,
Office Indian Affairs, November 1, 1867.

SIR: I have the honor to report several changes that have been made in the Indian trust fund since the 1st of November, 1866.

The statement of the condition of the Indian trust fund accounts, as presented in the annual report of 1866, although correctly exhibiting the amount and proper classification of the fund held in trust by the Secretary of the Interior, yet no special reference was made to the detail of changes occurring in the character of the fund during that year.

In order, therefore, to present you with a more complete exhibit of the trust fund transactions of the current year, it will be necessary to refer to some changes made in the fund prior to the date of the report of 1866.

Previous to August, 1866, the Secretary of the Interior held in trust $183,000 in five per cent. bonds of the State of Kentucky, said bonds maturing in 1871, with privilege of redemption five years prior to that date. On the 29th of August, 1866, $89,000 of these bonds were paid by the agent for that State, and on the 30th of the same month United States 10-40 bonds were purchased amounting to $89,000, and placed to the credit of the tribes for which the same amount of Kentucky bonds were held in trust, viz:

Cherokee national fund	$88,000 00
Senecas and Shawnees	1,000 00
Total	$89,000 00

Application was made to the department on the 28th of August, 1866, by the president of the Leavenworth, Pawnee, and Western Railroad Company, (now Union Pacific Railway Company, eastern division,) to pay one of the bonds of that company, said bond being held in trust for the Delaware general fund.

The bond referred to being for $6,742 15 was subsequently paid, with interest on the same to date of application, and the amount of the principal of said bond ($6,742 15) covered into the United States treasury under the head of Fulfilling treaties with Delawares—proceeds of land—and brought on the books of the office under that head by appropriation warrant, dated July 1, 1867. By the 7th article of the treaty made with the Delaware Indians, which treaty was concluded May 6, 1854, it is stipulated that these bonds, (when sold, or paid on maturity) shall from time to time be invested by the President of the United States in safe and profitable stocks, the principal to remain unimpaired, and the interest to be applied annually for the civilization, education, and religious culture of the Delaware people, and such other objects of a beneficial character as in his judgment are proper and necessary.

On the 23d of February, 1867, $1,700 in United States registered bonds, and $88,000 in coupon bonds, held in trust for the Cherokee national fund, were sold as provided for under the 23d article of the treaty with said Indians, concluded July 19, 1866, and the avails of the sale amount to $90,914 01, which sum, it is understood, is being expended, in accordance with the provisions of said article of the treaty, in paying the obligations of the tribe.

On the 19th of July, 1867, $30,000,000 in bonds of United States six per cent. issue to the Union Pacific Railway Company, eastern division, were received in payment for the same amount of bonds of the Leavenworth, Pawnee, and Western Railroad Company, held in trust for the Delaware general fund.

$27,500 in United States 7-30 bonds held in trust for the following tribes, viz:

Chippewa and Christian Indians	$6,700 00
Iowas	7,000 00
Kaskaskias, Peorias, Weas, and Piankeshaws	6,800 00
Sacs and Foxes of Missouri	7,000 00
Total	$7,000 00

Are now on deposit in the United States treasury for the purpose of being converted into United States 5-20 bonds.

The accompanying statements Nos. 1, 2, and 3, exhibit in detail the present condition of the trust fund.

Very respectfully, your obedient servant,

LONSVILLE TWITCHELL,
Clerk in charge of the Indian Trust Fund.

Hon. CHARLES E. MIX,
Acting Commissioner of Indian Affairs.
