Dressmaking
Self Taught

Madam Edith Marie Carens
Library
of the
University of Wisconsin
Become A Graduate Dressmaker

Fit yourself to take a position or open an establishment of your own. High salaries are always paid to those skilled in this craft, and the demand is far greater than the supply.

Woman, Think of Your Complete Independence

Think of the many benefits, pleasures, and comforts to be derived by learning this necessary and important work, if only for your own home necessities. There are always vacancies to be filled in the large establishments as designers, cutters, fitters, finishers, floor ladies, and managers. Such positions earn salaries up to $50.00 per week, and in some cases, more.

The Carens Correspondence Course

Consists of twenty lessons that teach original designing, buying as a profession, cutting garments from actual measurement, use of rulers and tape in drafting to get the proper lines and correct cut. We follow a method which far excels any taught by the old fashioned set systems that require many months to master. Each lesson is the result of careful study and many years of experience by an expert. Any intelligent girl or woman can learn dress-making and master the details with this complete course if proper application is made to the studies.

Each lesson is graded, revised, and corrected for each individual pupil and the complete course can be studied in ten weeks by studying two lessons a week, but you have six months in which to complete the work if you desire. As soon as we receive your application for enrollment, we will mail you the first two lessons with examination blanks. After studying lesson No. 1 you answer examination blanks for that and mail it to the school; we grade the lesson, send you corrections and lesson No. 2 and so on throughout the course. Thus, you have always one lesson on hand.

PRICE OF COMPLETE COURSE IS $15.00

Tear on this line and send to Carens College of Dressmaking, Clark Bldg., Jacksonville, Florida
