EVERY NURSE, whether Volunteer or Professional, will be called on to make or suggest dishes for our Invalid Soldiers. This book has been compiled to assist them in providing the right sort of nourishment at the right moment. Its value cannot be overestimated—Drinks, Soups, Fish, Meat and Puddings are all dealt with in detail and with simple instructions for Cooking. The volume contains the great variety and choice of foods which are necessary for both Invalid and Convalescent Patients. Useful and necessary points are given on dishing up and serving the Meals of the Patients.
