To the Librarian:

In sincere appreciation of the co-operation of your Library in the successful development of the War Garden Movement, I am sending you, with my compliments, a copy of the book "The War Gardens Victorious."

This book is a record of the inception and the development of the home and community garden movement under the National War Garden Commission, which devoted itself to securing the planting of War and Victory Gardens on vacant lots and slacker land for the purpose of raising vegetables to overcome the food shortage during and immediately succeeding hostilities.

This book is not for sale. It is issued to those who aided so serviceably in this economic work. I trust you will find it interesting and worthy of a place on your shelves.

Yours very sincerely,

P. T. Ridsdale
