Dear Chairman:

It has been suggested that the Political Equality League call a convention in Madison in January instead of December. As the legislature convenes in January we hope the members will attend the evening session. Do you think this advisable? Please let us know as soon as possible.

According to suggestions from Mrs. Johnson of Superior and others, we have decided to ask for a detailed report from each county to enable us to go on from where we left off. It will also help us to learn the points of weakness and strength of the past campaign. For this purpose, we ask you to fill out the enclosed blank, keep one for your file and return the other before Dec. 15, as we wish to make a summary to present to the convention.

Will you also send two delegates to the convention and let us know who the delegates and alternates will be. Please urge all interested to attend.

Yours for a coming victory
