

[1912]

Very dear Miss Jones

I see that Mrs. Brown
feels a little jealous of
my editing the Journal. I
told her I was only collecting
the copy.

I would you to write an
Editorial on the subject
of the two associations, and
perhaps it would welling
if you could get some
one in their camp to go
over it with you. The

people of the state have
a public right to know
why we have this. You
can do it tactfully. Let
us know it before J. P. -
John Wagner will announce
ours on the effect of this -
cousin on the real of
the country.

I have received no plan
or graphs from you or the
Governor. If we are
shut we will put in
Executive Board. Please

Send one Mrs. Water. Are you
sending a cover on A or 19 to
help put. Stuff together, or shall
I rely upon Miss Judd?

Yours

Elyabur T. Peckham

Family picture fine idea.
