GENERAL INFORMATION ON BANKING AND BUSINESS, METHODS.

SUPPLEMENT VII.

Another common form of limiting the endorser is to enable the payee (when it is made payable to his order) to transfer his endorsement to a trans secondary party, and to receive the amount from that party. This enables the payee, by depositing the note with his bank, to get the proceeds of the note, and in the event of his death, the proceeds will pass to his heirs or legatees.

Another method of preventing the holder from endorsing the note is by writing in small letters the words "payable to order only" or "payable to order of account holder only" on the back of the note. In the event of the holder's death, the amounts will pass to his legal representatives.

But if the payee is a minor or is otherwise incapacitated, it is advisable to have the note endorsed by a guardian or a person legally authorized to act in his behalf.

In some cases, it is advisable to have the note endorsed by an attorney-in-fact who is authorized to act in the payee's behalf.

In some cases, it is advisable to have the note endorsed by a bank or a financial institution which is authorized to act in the payee's behalf.

This is known as the "payable to order" clause. It is advisable to have the note endorsed by a bank or a financial institution which is authorized to act in the payee's behalf.

The term "payable to order" is a term used in the law of banking and is not a term of art. It is used to indicate that the payee is entitled to the proceeds of the note, and in the event of his death, the proceeds will pass to his legal representatives.
