BRINGING A NEW TYPE OF SERVICE TO THE PAPER INDUSTRY

Above is the first unit of Lawrence Institute of Paper Chemistry, a graduate technical school which is destined to make of Appleton an internationally known center of scientific research. Construction of the second unit of the institution, Kimberly Memorial building was started early this week. The Institute is adequately endowed by paper manufacturers and manufacturers of allied products throughout the United States. It is the only institution of this kind in the country.

Faculty of the Lawrence Institute of Paper Chemistry. Seated around the table reading from left to right are Walter E. Rogers, L. A. Yountz, H. M. Lewis, Miss Edith Stroeschneider, Otto Kress, President Henry M. Wriston, Stephen Darling, John S. Mills, G. H. Mettrogger and G. C. Cast.

Here are the officers and directors of the Appleton Rotary Club, the pioneer group of the four service clubs now functioning in Appleton. Front row, left to right—H. B. Sylvester, Arthur Schell, L. J. Marshall, O. P. Schlaser, F. G. Moyle, secretary. Back row, left to right—John Neller, A. J. Geniesse, Gerald Galpin, Roy Pardy, Karl Schnatter, Walter Storch, treasurer; Frank W. Clippinger, G. E. Buchanan, president.

Twenty-five Years of Growth

Starting in business twenty-five years ago in a very small way, the firm of Hopfensperger Bros., Inc., has grown to be the largest retail meat dealer in the Fox River Valley.

With our retail business, a sausage manufacturing plant is maintained which covers about thirty per cent of the retail trade of the State.

On this occasion of the Seventy-fifth Anniversary of our City’s incorporation, we desire to express our appreciation of the good will shown us by the community, and a genuine feeling of pride in its progress.
