HIGH CLASS MERCHANT TAILORING.

Our work we guarantee to be equal in every respect to that turned out by the best city tailors.

T. J. ZIEGLER. ED. J. SMITH, Manager.
The above cut represents our new place of business. It contains 40,000 square feet of floor space; it has a capacity of 3,000 pairs of shoes daily, which would employ 400 working people, meaning a pay roll of $6,000 per week. We do not occupy the entire building; we would like to; we do not employ 400 people; we would be pleased to. Our pay roll is not $6,000 per week; we are anxious it should be. By accomplishing this, we would not only do ourselves good, but the entire city of Janesville would be materially benefited.

We should sell at least 6,000 pairs of shoes annually in Janesville; but we don't. The consumer would certainly get fit, style and value in purchasing the F. M. Marzluff Co. ladies' fine footwear. King & Cowles are anxious to buy and sell them. Now, ladies, it is up to you to do your share.
