56 YEARS OF PROGRESS

The story of Hamilton's 56 years of progress is told in the story of its products. Beginning with the manufacture of wood type, Hamilton soon began making furniture for printers, instrument cabinets for dentists, draftsmen's tables, blueprint files, physicians' furniture, radio cabinets, and sink cabinets. The wide variety of products which the versatility of the organization has made possible, is responsible for the steady growth and progress of this company.

HAMILTON MFG. CO.  TWO RIVERS, WIS.
