A HISTORY

FRAZIER & SHIMEK are the oldest established Furniture Dealers in the City of Manitowoc. Chas. Frazier, the Founder of the Business, commenced on a very small scale as an upholsterer in the Fall of 1887 in the location on South Eighth Street, where F. Linder, the tailor, is now located.

AFTER A YEAR the partnership of C. & W. Frazier was formed by W. Frazier taking half interest in the business. After one year in this location, the business was moved to the Corner of 8th & Commercial Streets, now occupied by the Dempsey Building. After ten years of successful business, these accommodations were found to be inadequate to the growing needs of the business and a location was purchased on 8th Street, where the Kiel Millinery is located, this property also having a frontage on York Street.

FOR TWENTY YEARS the present occupants have been located in their present quarters, at 708-712 York Street. In 1916 the interests of Wm. Frazier were taken over by Herald Frazier and the firm name was changed to C. & H. Frazier.

AFTER FOUR YEARS the interests of Chas. Frazier were taken over in January, 1920, by Mr. Edward Shimel, formerly located at Kewaunee, Wis., in the Furniture and Undertaking business.

THE PRESENT FIRM of Frazier & Shimel will soon make a change in its location, having leased the property now occupied by the Herzog Piano Store and the Buchner Shoe Store at 211-213 N. 8th Street, where they will continue their successful and growing business and will maintain the same business policy that has identified it as one of the Leading Furniture and Undertaking Establishments in the City.
