PREFACE

Our 11th volume of the Madison City Directory is a work of over 700 pages with two new features—a modern street directory and a re-arranged business directory. The directory of farmers on the rural routes extending out of Madison will be found in this issue, also Angell’s patent index—the latter making a duplex of the general directory. A complete directory of the faculty and students of the University of Wisconsin is a part of the book, and a good city map is folded in.

We estimate the population at 27,520.

Respectfully Yours,

G. R. ANGELL & CO.
