If desired all goods made water proof and mildew proof—warranted—giving the fabric a double life.

**THE PERFECTION WINDOW AWNING**

Made with iron rod in hem at top of awning. Pulleys are fastened to rod and ropes properly arranged in factory, making THE PERFECTION the most easily put up awning on the market.

The top rod is fitted with eye ends which fasten to cotter brackets, leaving a space for ventilation at top of awning.

No brass grommets to tear out of top of awning and no screw eyes to ruin wood-work, as in the old style window awning.

Can be taken down in an instant by simply removing four cotters.

The best awning for fine residences.
