The Martinsons of Springdale

I hope you enjoy the many memories and historical information in this book about the Martinson family of the Hat. Hone area. It contains memories dating back to the early 1900s from relations still here and able to tell me what life was like nearly 100 years ago!

As a 1964 graduate of Hat. Hone High School, my clan family — the Schwarz family — and my recollections of the 1950s and 1960s fill the pages of the Schwarz chapter.

There is no finer town than Hat. Hone!

Sincerely,
Dorothy (Schwarz) Blintz
