The use of GAS SERVICE for perfect cooking is no trick at all and the New Style Ranges make this even easier than ever
SHEBOYGAN GAS LIGHT CO.
PHONE 70
Any institution today is judged by the standards to which it adheres and the ideals toward which it sets its face.

Kohler standards of manufacture will tolerate nothing but the best attainable in quality of materials and workmanship.

The superiority thus earned is attested by the preference of architects and owners of an imposing array of world-famous buildings, Kohler-equipped.

Whether for the home or commercial building, a Kohler installation makes for sanitary living and gives life-long satisfaction.

KOHLER OF KOHLER
Kohler Co., Kohler, Wisconsin

Shipping Point, Sheboygan, Wis.

AND TWELVE AMERICAN BRANCHES
MANUFACTURERS OF ENAMELED PLUMBING WARE
The village of Kohler embodies the thought that happiness and achievement must rest upon a foundation of right living conditions.

Here, in a community enjoying streets, lighting and sanitation representing the last results of modern science, a group of contented and efficient people embody in their work the vision of progress.

More significant than any physical feature of the community is the village plan that insures orderly, purposeful development and civic beauty.

Permeating the community life is the faith that home and health and happiness are essential factors in successful living, and that true progress springs from loyal co-operation.
