

## LINOLEUM TOP BREAKFAST TABLES

---

HE ideal breakfast table must be attractive—must be rugged—it must be built to stand up under the hundred and one abuses its close proximity to the kitchen subjects it to.

In No. 2715 you will find just such a table. Truly, it is kitchen work bench and dainty breakfast table combined. Its top of heavy Armstrong Jaspé Linoleum with inlaid corner decorations will not scorch under great heat, will resist alcohol or fruit acids, and will increase in beauty and lustre under the hardest kind of usage. Its surface can be kept so spotlessly clean with soap and water that food may be actually prepared as well as served upon it.

The wood parts of the tables and chairs to match are made of sturdy oak, durably finished, exquisitely decorated. The sets may be had in the following color combinations.

**Table top—Light Grey Jaspé Linoleum.**

Decorations inlaid in Blue, Black, and Burnt Orange.

Chairs and wood parts of table finished and decorated to match linoleum.

**Table top—Light Brown Jaspé Linoleum.**

Decorations inlaid in Blue, Green, and Black.
