IMPORTANT TO MILL OWNERS AND MACHINISTS.

Vulcanized Friction Board

We desire to call attention to our celebrated VULCANIZED FRICTION BOARD, as a substitute for Leather and Rubber, in Packing, and for Friction Pulleys. It is only a comparatively short time since this article was introduced, but its use is already rapidly superseding that of Leather and Rubber, on account of both its greater cheapness and greater durability, costing less than one-third the price of Leather and one-sixth that of Rubber, and wearing more than double the time. It is absolutely the ONLY article to make a good friction against iron, as it will not slip like leather or wood. It is put up in 50 lb. bundles, in the following SPECIAL sizes:

33x44 inches, 5, 6, 8 and 10 sheets to bundle.
19x29 " 20, 25, 30 and 35 sheets to bundle.
22x26 " 15, 20, 25, 30 and 35 sheets to bundle.

Nos. 5 and 6 are about ¼ of an inch thick, and are those most used, and will usually be found the most available for all purposes. For mill men and machinists, for pulleys and packing, and to founders for raising patterns, this article is almost indispensable, and in all our experience we have never found parties, who having used it, would return again to the use of wood, rubber or leather.

The following parties have used it largely, and will doubtless recommend it to all who may inquire regarding it:

FILER, STOWELL & CO.,
Founders and Machinists, Milwaukee.

W. H. HINER & CO.,
Founders and Machinists, Fond du Lac.

C. J. L. MEYERS,
Manufacturer of Lumber, Sash, Doors, etc., Fond du Lac.

C. C. PAIGE,
Eagle Iron Works, Oshkosh.

UNION LUMBERING CO.,
Lumbermen, Chippewa Falls.

EAU CLAIRE LUMBER CO.,
Lumbermen, Eau Claire.

HAMILTON, MERRYMAN & CO.,
Lumbermen, Marinette.

This is the only Board manufactured expressly for this purpose, and will be found he only one that will give perfect satisfaction.

500,000 ACRES OF PINE AND FARMING LANDS

FOR SALE!

The lands of the Jackson, Lansing & Saginaw Railroad Company are now in market.

They are situated along its railroad, and contain tracts of the best Pine on the Tittabawassee, Rifle, Muskegon, Manistee, Au Sable, and Cheboygan Rivers. The grant having been made before any considerable quantity of pine land had been located in the northern part of the state, it now includes some of the finest and choicest

WHITE PINE TIMBER,

AND BEST

NORWAY PINE.

The FARMING LANDS include many thousand acres of first-rate

BEECH AND MAPLE LANDS.

No better can be found, and they are well watered, and located where they will have the best railroad facilities. No section of the country offers greater inducements to the settler than the above lands.

Terms For Sale.

One-fourth down, and the remainder in three equal annual installments, with interest annually at 7 per cent. Farming lands will be sold on longer time if desired. For list of lands, further information, or purchase, apply to the undersigned at LANSING MICH.

O. M. BARNES,
Land Commissioner.

READ THIS! PENDULUM SLIDE—OSCILLATING GANG.

Office of C. B. BENSON, OTTER LAKE, LAPEER CO., MICH., Sept. 12, 1874.

J. B. WAYNE, Esq., Detroit, Mich.—*Dear Sir:* In response to your inquiry regarding the working of the Pendulum Oscillating Adjustable Movement for Gang Saws, as applied by you to our stock and slabbing gang—will say that I regard it as perfect. The top of lower slides being hung on pivots and bottoms being operated by eccentric from main shaft makes it easily set at any point desired, and gives the saws the perfect whip-saw motion so essential for the free, easy and quick movement of all upright saws, especially gangs. I am so thoroughly convinced of the utility of this improvement that I do not hesitate to recommend it to all who use gang saws. For the superior manufacture of gang sawed lumber I refer you to my lumber yard here. I shall be most happy to respond to all inquiries, and to show parties wishing to see my gangs. Very truly yours, S. O SHERMAN, Manager for C. B. Benson.

ALPENA, Sept. 15, 1874.—Our experience with the above mentioned movement justifies us in heartily endorsing what Mr. Sherman says with regard to it. ALPENA LUMBER CO., per Geo. Prentis, Pres't.

We are prepared to make liberal terms to all manufacturers of Gang Mills.

TO LUMBERMEN!

NOW READY.

The most comprehensive and valuable volume of

LUMBER STATISTICS EVER PUBLISHED.

The compiled Statement of the

TRADE AND MANUFACTURE OF LUMBER, FOR 1874.

PUBLISHED BY

JUDSON, DICEY & CO., Publishers of the Northwestern Lumberman, Chicago.

This work is a complete digest of lumber statistics, including, aside from the full detailed statement of the manufacture for the current year, a careful summary of statistical matter compiled and condensed into the most convenient form possible, for frequent and immediate reference, making a book of over one hundred pages, octavo, handsomely and durably bound in cloth.

Aside from the guarantee of its value and importance to the trade contained in the fact that it is compiled by the editors of the NORTHWESTERN LUMBERMAN, the acknowledged representative journal of the Lumber and Timber Trades, the publishers believe it will be worth **fifty times its cost** for the following reasons:

1st. In the statement of the lumber cut for the season of 1874 is comprised in detail a list of every saw mill at every manufacturing point and river in Michigan, Wisconsin and Minnesota, including also the Susquehanna river in Pennsylvania, the Pensacola section in Florida, the Pascagoula river and branches in Mississippi, with other points of note in the south and the lumbering sections of Vermont and Maine. With this list will be given the average daily cut of the mills, the number of gang saws and circular saws used, the number of shingles made daily, and the number of men employed therein.

2d. It contains in aggregate, the total amount of lumber manufactured in each locality during the season of 1874, with the amount of lumber on hand, logs on hand in mill booms, main booms, and in the streams, to be carried over to 1875, thus giving the entire balance sheet of each lumbering section or river, with the same aggregated by states and carried into a general summary for the whole trade.

3d. It gives the latest and most reliable estimates of the standing timber in this country and Canada from the best know authorities; the Law of Michigan governing the Inspection of lumber in full, and the rules of Inspection in use at Chicago, Albany, and St. Louis, the largest distributing markets in the country; sketches of every Association, Board of Trade, or other Organization of lumbermen in existence; a history of the National Association, its officers and standing committees, etc.

4th. A very important feature of this work is a summary sketch of the timber lands of Wisconsin and Michigan, embellished with a full page map of those states, engraved expressly for the purpose, showing every railroad penetrating the lumber districts of both states, every important manufacturing point and lumbering river, and the sections or counties containing the most of the pine now standing in those states. This department, worth alone twenty times the price of the book, will be under the supervision of Mr. Geo. S. Frost, of Detroit, Michigan, widely known as one of the oldest and most extensive timberland operators in the northwest. The engraving of the map and cost of this department, requires a heavy outlay by the publishers, actuated by the belief that no one interested in the lumber trade would be without a copy of the work, for many times its cost, after once examining it. The book will be sent to any address postpaid for only **75 Cents** and for every book ordered, and not considered by the purchaser actually worth five times its cost, we will refund the money paid, on return of it to our office.

The Northwestern Lumberman,

ISSUED ON THE FIRST OF EACH MONTH AT CHICAGO,

THE GREATEST LUMBER MARKET IN THE WORLD

Contains authentic and exhaustive reports and price currents from every important lumber market in the country, prepared by our own correspondents. Special information pertaining to the LUMBER TRADE and MANUFACTURE in every section, and the introduction of new and improved machinery for wood-working and saw-mill use, made a peculiar feature. Printed upon fine tinted paper and handsomely bound, the LUMBERMAN challenges comparison in typographical appearance, with any trade journal in the country. Only TWO DOLLARS a year; payment invariably in *advance*. One of the best advertising mediums in the world for manufacturers of saw-mill or wood-working machinery. Rates liberal and will be made known upon application. Sample copies furnished free.

Address, *NORTHWESTERN LUMBERMAN,*
284 Wabash Avenue, Chicago, Ill.
