

will be given to students who have attended the full term and have taken all the examinations.

DAIRY COURSE CERTIFICATE

After completing the course every dairy student should work for a certificate. To secure a certificate the student must have spent a full term of twelve weeks in the Winter Dairy Course and passed a satisfactory examination in all exercises. A standing below 60 in any one examination makes the student ineligible to receive a certificate. He must also have worked in a creamery, cheese factory or other plant for two seasons. One of these seasons must follow the period spent here, and during this time the candidate must have practical charge of a department of the factory in which he is working. He will report the operations of his factory monthly, or as often as directed, on blanks furnished by the college.

The university will send an authorized person to inspect the factory of the candidate, and no certificate will be issued if an unfavorable report is made by the inspector. If all of the conditions are satisfactorily complied with, the candidate will receive a certificate. Owing to the expense of inspection, the university does not agree to grant certificates to students operating factories in other states, but arrangements will be made to do so if possible.

TUITION AND FEES

WINTER DAIRY COURSE

Tuition is free to residents of Wisconsin. For the dairy course of 12 weeks the tuition for nonresidents is \$41.33 in addition to the other fees given below.

All students in this course pay the following fees: Incidental fee \$8.50; laboratory fee \$10, breakage and key deposit \$2 (unused por-

tion returnable). Bacteriology laboratory fee \$3.00, Memorial Union \$1.00, Total \$24.50.

Fees for students taking a special part of the Winter Dairy Course are as follows:

For a period not exceeding six weeks.

Resident Students: Incidental fee \$4.25, Memorial Union \$1.00, laboratory fee \$5.00, breakage deposit (partly returnable) \$2.00, Total for resident students \$12.25. Additional tuition for non-resident students \$20.67. Total for non-resident \$32.92. All students who take the first six weeks only pay an additional \$3.00 fee for bacteriology laboratory.

For a period not exceeding three weeks:

Resident students: Incidental fee \$2.25, Memorial Union \$1.00, laboratory fee \$3.50, breakage deposit (partly returnable) \$2.00. Total for resident students, \$8.75.

Additional tuition for non-resident students \$10.34. Total for non-residents, \$19.09.

Students obliged to leave school before completing the course may have a percentage of their fees returned on the same basis as all University students—any time before 10 days from opening date of course, 80 per cent of fees are returnable; before 20 days, 60 per cent, and if student remains not over 30 days, 40 per cent. The breakage deposit is to cover the breakage of test bottles, glassware, etc., and loss of key to locker. At the close of the term a portion of the deposit is returnable if the key is not lost and all apparatus is found to be in good condition. Breakage which cannot be located will be divided equally among the students.

Each student will provide himself with not less than three regulation white suits, including caps, to be worn during the working hours in the creamery and cheese factory, and one blue suit to be worn in the shop. These suits are of a particular model and may be obtained in Madison.

SWISS CHEESE

Special two-weeks course February 10th to 21st 1936 inclusive, for experienced makers. Each student buys books costing about \$3.00.

SUMMER DAIRY COURSE

All Summer students pay an incidental fee of \$6 and a laboratory fee of \$5, Memorial Union fee \$1, and make a breakage deposit of \$2, total \$14. For non-residents an additional fee of \$3.45 a week is

charged, or a minimum of \$17.25 for five weeks; but students may stay for a longer time if desired. Tuition is free for residents.

A Special Four Day dairy manufacturing conference will be held March 10, 11, 12, and 13, 1936. No fees are charged.
