EDITORIAL POLICY

The TRANSACTIONS of the Wisconsin Academy of Sciences, Arts and Letters is an annual publication devoted to original papers, preference being given to the works of Academy members. Sound manuscripts dealing with features of the State of Wisconsin and its people are especially welcome; papers on more general topics are occasionally published. Subject matter experts review each manuscript submitted.

Contributors are asked to submit two copies of their manuscripts. Manuscripts should be typed double-spaced on 8½ x 11 inch bond paper. The title of the paper should be centered at the top of the first page. The author’s name and brief address should appear below the title. Each page of the manuscript beyond the first should bear the page number and author’s name for identification, e.g. Brown-2, Brown-3, etc. Identify on a separate page, the author with his institution, if appropriate, or with his personal address to be used in Authors’ Addresses at the end of the printed volume.

The style of the text may be that of scholarly writing in the field of the author. To expedite editing and minimize printing costs the Editor suggests that the general form of the current volume of TRANSACTIONS be examined and followed whenever possible. For Science papers, an abstract is requested. Documentary notations may be useful, especially for the Arts and Letters papers, and should be numbered for identification in the text. Such notations as a group, should be separate from the text pages and may occupy one or more pages as needed. References Cited should be listed alphabetically at the end of the manuscript unless included in notations. The style of the references will be standardized as in current volume to promote accuracy and reduce printing costs.

Figures should be prepared to permit reduction. Lettering should be large enough to form characters at least 1 mm high after reduction. Only high contrast glossy prints, not larger than 8½ x 11 inches, or good black ink drawings on bond paper, are suitable for reproduction. (Copies run by dry photocopiers will do for the second copy, but are not sharp enough for printing.) Figures (graphs, drawings or photos) should be numbered on the back of each original copy, accompanied by a list of clear explanatory legends for each. Credit sources and/or copyright clearance in the legend if appropriate.

Printing is expensive. Each paper will be subject to a per page charge to the author, the rate being determined yearly. When a paper is accepted, authors without departmental or grant funds for publication should request that the Director of the Academy (at the Academy address) waive page charges. Galley proofs and edited manuscript copy will be forwarded to the authors for proof reading prior to publication; both must be returned to the editor within one week. Reprints should be ordered when proof is returned; forms and instructions will be sent to the authors. Each author will receive one complimentary copy of the volume of TRANSACTIONS in which his work appears.

Papers received after July 1 will be considered for the next annual volume. Manuscripts should be sent to:
