

CONTENTS

3 STUDY AREA

4 METHODS

- 4 Data Sources and Time Periods
- 5 Collection Methods and Gear
- 5 Sampling Effort
- 7 Data Handling
- 8 Fish Identification and Enumeration
- 8 Endangered, Threatened, and Watch Species

9 RESULTS AND DISCUSSION

- 9 Rock River Basin (221)
- 9 Sugar River Basin (222)
- 12 Pecatonica River Basin (223)
- 14 Greater Rock River Basin (220)
 - Species Found, 14
 - Reproducing Populations, 16
 - Species Diversity, 16
 - Common and Rare Species, 16
 - Differences Between Basins and Time Periods, 17
 - Endangered Species, 17
 - Threatened Species, 18
 - Watch Species, 20

23 RECOMMENDATIONS

24 LITERATURE CITED

24 APPENDIXES

- A. Supplementary Data, 24
- B. Explanation of the Water Mileage System, Master Stream and Lake File, and Master Fish File, 29
- C. Distribution Maps 1974-81, 38
 - Index to Maps, 120
