MILWAUKEE, Wis.,

Dec 31 [1912]

Dear Ada,

Here are some requests for literature.

Can you fill them from your supply?

Over is all packed up as you know.

If you can't, you might <sup>copy</sup> take off the

names and forward the requests to

the National.

Don't believe the Sentinel story about  
my going to Washington. It's just a new  
kind of newspaper persecution. I am  
a member of the Congressional Com-

with but expect to do all my work from  
here, and not much at that.

Some time this week I'm going  
to see Miss Stearns and talk things  
over with her, so that we shall un-  
derstand each other before the con-  
vention comes off - if it does come  
off.

Give my love to your father,  
and regards to all the others. I do  
hope you'll start your newspaper.  
That's just the undertaking for you.

Yours devotedly -

Crystal.
