Monday -

Dear Ada,

I've been hoping for that good long
letter you & Flora were going to write me.
I don't know even whether she is
in P. C. or N. Y. C. I'm worried about
the money too. It seems Mrs. Upham
did not come through with that \$300

Evan. I am surprised at that, aren't you?

As I wrote you I am definitely planning to
be back in Elmira on the 15th or 16th.
I could go out to B.C. for consultation
that week, if you need me. If you carry
out your plan of having the big
convention in January, I believe that

will be early enough for me to get here.
If you plan to have it sooner, will
you tell me so that if necessary I can
get home sooner?

After the convention, I really
needed another rest! And you
with your baby and house-drawing.

and all! Have you had any real rest?

I shall be at 27 W. 11 until Saturday probably
then at Elmira. If it isn't a burden,
drop me just a card. Write you?
Write how always —
