

## SECTION B

In this section are identified and listed those entries for residential locations, places of business and commercial acreage as listed on the maps of the six wards for the City of Oshkosh as shown in the original volume. Entries for names concerning divisions, sub-divisions, re-plats, etc. have not been included in this index.

The first entry on each line of this section is the name of the individual or company identified. The second entry is an abbreviation for the type of entry. The third entry on each line is the number of the ward where the name and location are found.

Types of entry are abbreviated as such:

Acr	Acreage
Bus	Business
Res	Residence

Most of the entries in this section will already be found listed in the index for history and personal sketches. This section of the index has been included mainly to satisfy the curiosity of researchers.
