

Certificates may be given for each 18 credits of work completed by graduates who return and complete additional subjects.

In special cases where students of the Winter Courses meet the University entrance requirements for collegiate courses the Executive Committee will consider granting of credits for Winter Course subjects in which a grade of 85 per cent or more has been recorded.

Satisfactory home project work may be substituted for one and one-half credits in either the first or second year schedule. This credit is granted only upon presentation of satisfactory final records as required in Boys' and Girls' Club work of the state or its equivalent.

### Expenses

The expenses of the Winter Course except Dairy Manufacturing consist of general and college fees as follows:

**General Expenses.** The chief expenses are for room and board. The following are estimates for the year as secured from student reports for the winter of 1928-29:

Room—average price of \$3 per person per week .....	\$45.00 per year
Board—average of \$6.50 per week .....	\$97.50
Books—supplies, etc., and miscellaneous .....	\$25.00

**Room and Board.** The expenses for room and board depend on the requirements of the individual and his willingness to room at a distance from the college section. Two or

more students taking a room or suite of rooms materially lessen the expenses. Board depends on the demands of the individual. The executive office will have lists of rooms on registration day and assist students in finding desirable locations. Students when located in a rooming house shall not move to another home, without the consent of the Director of the Short Course. Any dissatisfaction with rooms should be discussed with the director. The total expenses will vary from \$150 to \$225 per fifteen weeks.

**College Fees.** Students enrolling the first term pay for the entire year. Students enrolling at the beginning of the second or third term pay approximately two-thirds or one-third respectively, of the total yearly fee. The following shows the amounts paid:

\*Courses in blacksmithing or carpentry given in the College of Engineering carry additional fees of \$2 per term. Winter course students may take these courses the second year if they wish.

THE AGRONOMY BUILDING

Students who pay for the entire course, but who drop out at the end of the first or second term, are refunded two-thirds or one-third, respectively, of the entire fee. Students must notify the Director of Winter Courses on the day of withdrawal in order to secure refunds.

Students who drop out during one of the five week terms are refunded the entire fee for each whole term remaining and on the following basis for partial term remaining according to the time of withdrawal: 75 per cent if during the first week of the term, and 50 per cent if during the second week of the term. After the second week, no refund is issued for that term.

Students should not carry large sums of money in currency or checks, but should place their surplus money in a bank and draw upon it from time to time by check or certificate. Bring post-office money orders instead of checks or drafts to avoid the necessary identification at the bank.

#### Short Course Scholarships

The Regents of the University of Wisconsin offer twenty scholarships of seventy-five dollars each to students in the short course who are residents of Wisconsin. Information concerning the basis upon which these scholarships are
