

Since these islands cannot be sold, under the terms of the grant, the policy of leasing them for summer resort and camp site purposes was adopted. The annual revenue from island leases to date is \$862.00 for 38 islands. It is expected, however, that they will eventually bring in an income of approximately \$10,000.00 per year, as may be seen from the following table:

## NEBAGAMON LUMBER COMPANY GRANT

In 1907 the Nebagamon Lumber Company granted to the State 4,321.07 acres of land in Douglas county under the following conditions: "The said lands to be used for forestry purposes only and should the same be no longer used for said purpose, the title of the same is to revert back to the party of the first part." These lands are worth approximately \$20,000.00.

A portion of this grant lies along the Brule river, which rises near the upper St. Croix Lake, flows north through the eastern part of Douglas county and empties into Lake Superior. Such portions of the land as border the stream have been surveyed into lots to be leased for camp and cottage sites, and will be managed as a State Park rather than as a Forest Reserve.

## PURCHASED LAND.

There was purchased by the Forestry Board approximately 159,000 acres in Douglas, Iron, Oneida, Vilas and Forest counties. This land was acquired at an average price of \$3.45, including three purchases of heavy standing timber as follows:
