WISCONSIN CIRCUIT COURTS.

STATEMENT showing the Names and Post-office Address of the Circuit Judges, and Times and Places for holding Circuit Courts in the several Counties in Wisconsin.

Salary of Circuit Judges, \$3,600 per annum, and \$400 for expenses.

The judge of any circuit may, by an order entered and recorded in the clerk's office, appoint one extra jury term of court, to be holden in any county in his circuit, when he shall deem such term necessary to complete the jury trials in such county during any year, and may cause jurors to be drawn and summoned as for other terms. At such terms the same business may be transacted as at a regular term of such court. In case there is pending in any such county an action of *quo warranto* brought on the relation of the attorney-general or a private person, wherein the defendant is or shall be charged with usurping any county office, or unlawfully withholding the same from the person entitled thereto, and an issue is formed in such action, sixty days or more before the time for holding the next ensuing regular term of court for said county, the judge shall appoint an extra term, and cause jurors to be drawn and summoned in the manner aforesaid for the trial of such action and for the transaction of such other business as the order may direct. Such order shall so provide that said term shall commence within thirty days after the entry of the same. At any term where any action of *quo warranto* shall be for trial, it shall take precedence of all other actions—Chapter 141, Laws of 1835, Chapter 294, Laws of 1839, Chapter 331, Laws of 1891.

NOTE.—This calendar shows the terms of court as they were established on January 1, 1895. They will be more or less modified by the legislature, and should be verified by reference to the session laws of 1895.

in which such business arises or is pending, except the trial of issues of fact by a jury. The terms specified in section 2, shall be a continuation of all terms in the circuit which are not finally adjourned, and the court at the terms mentioned in section 2 shall have the same jurisdiction as to all judgment, orders or proceedings made or entered in any county which it would have if holding the term in the county at which such judgment, order or proceedings was made or taken, including the power to vacate, correct or otherwise change the same in the mode provided by law. The circuit court shall always be open for the transaction of all business in each of the counties in said circuit, from the beginning of one term until the beginning of the next term in the same county, and an order or direction for the adjournment of any term from day to day or to a specified day, and an entry thereof, shall not be necessary to the validity of any judgment, sentence, order or proceeding therein, but when no judge shall attend to hold court on the first day or any subsequent day thereof, the term shall stand adjourned from day to day until a judge authorized to hold the same shall attend. No term of court in said circuit shall be at an end until an express order for final adjournment is made and entered, and one term may be adjourned beyond the beginning of the next term in the same county—*Chapter 5, laws 1891.*

The State Board of Health was established by chapter 366, laws of 1876, and consists of seven members, one of whom is appointed annually by the governor, to serve for a period of seven years. The Board, however, elects its own officers, and its organic act provides that if the secretary is elected outside of the appointed members he becomes *ex-officio* a member of the Board, increasing the number of members to eight.

The Board meets in the months of January and June by legal requirement, and holds such other special meetings as are requested by members, or directed by the president. It has an annual appropriation of \$3,500.00 from which all expenses are paid, including all printing, except the printing of its biennial reports. No member of the Board receives any compensation for his services but the Secretary, who is paid an annual salary which is fixed by the Board. The actual expenses of members when on duty are paid out of the appropriation.

The law by which the Board was established provides that it shall have a "general supervision of the interests of the health and life of the citizens of the state," and directs that "they shall make sanitary investigation and inquiries respecting the causes of disease, especially epidemics, the causes of mortality and the effects of localities, employments, conditions, habits and circumstances, and shall diffuse such information among the people of the State." The law also gave to the Board an advisory relation to all local Boards of Health. Subsequent legislation has made the organization of such Boards obligatory in every town, village and city in the State, and has made it the duty of all physicians to report contagious diseases to such Boards, and of all such Boards to report to the State Board of Health relative to these diseases, and any other facts whenever required. During the year 1894, eleven hundred and forty-five (1,145) of these local Boards reported their full organization to this Board in accordance with instructions, and through these Boards the State Board of Health has been able to reach nearly every locality in the State.

The Board has charge of all matters relating to general quarantine, and in emergency can make rules and regulations for the protection of the public health, which it is the duty of all local and general officers of the State to respect and enforce.

The Board invites correspondence and co-operation from all citizens of the State who are interested in the object for which it is laboring, to-wit: The prevention of disease and the preservation of the health and lives of the people.

The State Board of Pharmacy was established by chapter 167, of the laws of 1882, amended in 1885 and 1887. The Board consists of five members, who are appointed by the governor, for a term of five years.

Members receive five dollars per day for actual service, the secretary receiving no per diem, but a salary of five hundred dollars. All salaries and expenses are paid from receipts of examinations, and dues from the druggists of the state.

The law establishing the board provides that it shall be the duty of the board to examine all applications for registration, submitted in proper form; to grant certificates of registration to such persons as may be entitled to the same under provisions of the act; to cause the prosecution of all persons violating its provisions; to report annually to the governor and to the Wisconsin Pharmaceutical Association upon the condition of pharmacy in the state, which said report shall also furnish a record of the proceedings of said board for the year, as well as the names of all pharmacists duly registered.

The board holds meetings for examination of applicants and such other business as pertains to its duties, at least once in three months. Thirty days' notice of such meetings is required to be given.

None but registered pharmacists are allowed to sell poisons or to compound prescriptions.

Licentiatees in pharmacy by examination in other states are registered without further examination.

All pharmacists are required to pay a fee of one dollar per year registration, they are held responsible for quality of all drugs and chemicals or medicines sold or dispensed by them. The average expenses of the board have been \$1,514 a year, which has been paid from its own treasury and no funds have ever been drawn from the state. There has been paid to the state, funds from fines amounting to sixteen hundred and fifty dollars (\$1,650) exclusive of costs, in some forty cases.

Since 1882, sixteen hundred and ninety four have attended the examinations, five hundred and fourteen received licentiate, five hundred and eleven assistant certificates, six hundred and sixty-nine were rejected. One hundred and seventy-one have been registered by examination in other states. The Board records show that from April, 1882, seventeen hundred and sixty-eight received the first grade certificates, ninety-one minors and six hundred and sixty nine assistants. Of the first grade certificates sixteen hundred and fifteen died, left the state or retired from business, leaving 1,053 first grade. Of the assistants, three hundred and forty died, cancelled certificates by receiving first grade, or dropped out, leaving 329 assistant certificates. Of the minor, fifty-four have been cancelled, leaving thirty-seven in force. The total registration in force is 1,153 first grade, 37 minors, 329 assistants, making total number of registered druggists in Wisconsin, 1,519.

The Wisconsin fish commission was established in 1874, and originally consisted of three members. The number was increased to seven in 1878, six appointed by the governor and the other being the governor ex-officio. It maintains two hatcheries, one at "Nine Springs," four and one-half miles from Madison, for the hatching of brook trout, California trout, and carp, and one at Milwaukee, where whitefish and wall-eyed pike are hatched. The work of the commission is supported by an annual appropriation of \$12,000. During the two years last past the follow distribution of fry has been made:

<i>Name of Species.</i>	<i>1893.</i>	<i>1894.</i>
Brook trout.....	1,615,000	3,785,000
Rainbow trout.....	1,675,000	2,555,000
Wall eyed pike.....	5,500,000	9,000,000
Carp.....	8,500	8,125
Black bass.....	29,000	73,000
Whitefish.....	35,000,000	36,000,000
Impregnated eggs.....	14,249,000	10,777,000
White bass (full grown).....		4,964
Brook trout (male, full grown).....		6,447
Total.....	58,326,050	62,789,536

The commission has a car fitted expressly for the collection, transportation and distribution of fish and fry, which greatly facilitates its work. This car traveled in 1893, 12,840 miles, and in 1894, 23,618 miles.

The rapid increase in the fishing industries of the state renders the work of this commission of the highest importance. In 1893 there was taken from the Wisconsin waters of Lakes Michigan, Superior and Green Bay, 40,113,025 pounds of fish, and in 1894, 23,998,942. The decrease was occasioned by an extraordinarily bad fishing season. In 1894 the industry on these lakes employed property to the amount of \$1,016,278, and 1,440 persons. No estimate could be made of the quantity and value of the fish taken from inland waters.

Persons desiring fry to stock streams or lakes may obtain all requisite information as to the conditions and method of obtaining them from any of the commissioners or the superintendent.

MISCELLANEOUS STATE SOCIETIES.

The following associations and societies are not under the control of the state government, but are given here as a matter of information and reference. Some of them are encouraged by annual appropriations from the state, while the transactions of some of the associations are published by the state. The State Historical Society is the corporate trustee of the state; the governor, secretary of state, and state treasurer are *ex-officio* members of its managing board; and vouchers for disbursements from its annual state appropriation are by law filed with the governor.

The State Historical Society of Wisconsin was originally organized in October, 1846, with A. Hyatt Smith as president, and Thomas W. Sutherland as secretary. In January, 1849, there was a reorganization, with Gov. Nelson Dewey as president, a list of vice-presidents covering all the counties of the state, and Increase A. Lapham as secretary. But for various reasons the society did not prosper during its earlier years, and a second reorganization was effected under an act of legislature approved March 4, 1853. This charter the society still works under, and since the annual meeting on the first Thursday in January, 1854, the growth of its influence and importance has been steady and rapid. At this meeting, Lyman C. Draper was chosen secretary. With conspicuous ability, he served the society for thirty-three years, until the annual meeting of January 6, 1887, when he declined re-election; he was then in his 72d year, and desirous of devoting his remaining days (he died August 26, 1891) to completing some individual literary work which he had long had in hand. At this annual meeting of January 6, 1887, Reuben G. Thwaites, who had been for two years previous the assistant secretary, succeeded Dr. Draper as the executive officer of the society, and the editor of its publications. Daniel S. Durrie became identified with the society in 1856, as librarian, remaining constantly in service until his death, August 31, 1892. He was succeeded by Isaac S. Bradley, who had been assistant librarian since April, 1875.

When Secretary Draper took direction of the society's fortunes, its library consisted of but fifty volumes and pamphlets; there was neither museum nor art gallery, and the institution was quartered in a corner of the secretary of state's office. To-day the society is domiciled in the south wing of the capitol, two floors being devoted to its now famous library, and another — partitioned into three halls — to its growing museum of ethnology, archæology, and history, and its historical portrait gallery, in which are displayed oil portraits of over 200 distinguished Wisconsin pioneers and Indian chiefs. Its collection of relics of the War of Secession is large and interesting. About 50,000 persons visit the museum and portrait gallery annually, while the library attracts scholars and specialists from all parts of the west and south.

The library accessions number some 7,500 books and pamphlets per year. At present the shelves contain about 175,000 books and pamphlets, covering every department of

American history, as well as taking a general sweep of English and continental history, and scientific development. The library is also particularly strong in genealogy, bound newspaper files, Shakespeariana, and sets of the periodicals indexed in "Poole." It has a notable collection of works by Wisconsin authors. Its collection of bound manuscripts numbers over 600 stout folio volumes, covering the frontier history of the Mississippi basin; and in Western history generally, no other library approaches this. It is of particular value as an aid to the students of the State University, who daily throng the reading rooms and deem the ample facilities for original research there given them, as one of the most important advantages of student life at the capital.

This flourishing institution ranks third in importance among American historical societies, and certainly is the most important west of the Alleghanies; indeed, it is recognized by experts as the most active and enterprising of them all. It has done and is doing a noble work for Wisconsin — indeed for the entire west — by resurrecting and perpetuating the records of our development in its volumes of Wisconsin Historical Collections, thirteen in number, which contain practically all the materials now obtainable for the varied and romantic history of our commonwealth; by collecting and keeping up, abreast of the times, a library of Americana, which as to size and scope has but two rivals in this country, and they on the Atlantic slope; and by maintaining a museum and a portrait gallery which are of growing interest and educational value to the citizens of the state. The several publications of the society take high rank among men of letters everywhere, and are eagerly sought for by students of American history.

The society receives an annual appropriation of \$5,000, on condition that the sum shall be expended for the purposes of the society, and that the society shall hold all its present and future collections and property for the state, and shall not sell, mortgage, or dispose of, or remove from the capitol its collections without authority from the legislature; provided, that duplicates may be sold or exchanged for the benefit of the society. In addition to this annual appropriation, the officers of the society have collected, after twenty-two years of persistent efforts, by means of individual bequests, donations, and membership dues, a Binding fund of some \$27,000. An Antiquarian fund is also well under way, to be devoted in due time to original historical investigation, or the purchase of rare manuscripts or other historic relics within the limits of the state. Other special funds, particularly one for the purchase of accessions for the museum, are immediate needs.

The Society was organized December 3, 1846, its first fair being held in Janesville in October, 1851. Annual fairs have been held since with the exception of the years 1862 and 1863 most frequently in Madison and Milwaukee.

In 1891 the society purchased permanent fair grounds in Milwaukee.

These grounds consist of 140 acres of land admirably adapted to the purpose to which they are dedicated.

An excellent one-mile track, fine grand stand, a full line of convenient, substantial exhibition buildings, and a system of water works supplied from an inexhaustible flowing well upon the grounds, have been added at an expense of some \$85,000, and Wisconsin now has one of the best equipped fair grounds in the Northwest.

Annual conventions for the discussion of farm topics are held by the Society at the Capitol in Madison the first week in February, the proceedings being published in the Reports of the Society, 13,000 copies of which are published each year. The Society's rooms are in the north side of the west wing of the Capitol.

WISCONSIN TEACHERS' ASSOCIATION.

OFFICERS FOR 1895.

President—W. J. Brier, River Falls.

Secretary—G. L. Bowman, Superior.

Treasurer—J. F. Simms, Onalaska.

Vice-Presidents—R. H. Halsey, Oshkosh; H. A. Simonds, Stevens Point; Matilda E. Reul, Baraboo.

Members of the Executive Committee—R. B. Dudgeon, Madison; Margaret Hosford, Whitewater; D. D. Mayne, Janesville; County Superintendent David Throne, Rock county; C. D. Kipp, Elkhorn.

This association was organized in 1853 and incorporated by legislative enactment in 1855. Its purpose is the mutual improvement of its members and the promotion of popular education throughout the state.

Since its organization this association has held forty-two annual, and since 1867, twenty-four semi-annual sessions. The annual sessions were held in July at a place determined upon by a committee of the association, and the executive sessions in December at the state capitol.

In 1889 the plan of holding two sessions was abandoned, and the time of the regular sessions was changed to December. The object of this change was to encourage the formation of section meetings. This change has resulted in the organization of four auxiliary State Teachers' Associations—a Southeastern, a Southwestern, a Northeastern and Northwestern, which associations now hold annual meetings in their respective sections of the state.

The State University, the normal schools, and the various colleges of the state, are largely represented in the work of the association by the members of their faculties. A considerable number of city and county superintendents, as well as high school and graded school teachers, are actively identified with it.

The membership fees are one dollar per annum for gentlemen, and fifty cents for ladies. Though entirely non-partisan, the association has exercised much influence in shaping state legislation upon educational matters. Its deliberations consist mainly in the discussion of practical questions relating to school organization and management and methods of instruction. Some of the papers read before the association are published in the Wisconsin Journal of Education, which is the joint organ of the association and of the state department of public instruction. The Journal was originally edited under the direction of the association by a committee and editor directed to perform that duty. Subsequently it was published and edited by the state superintendent and his assistant. In the year 1885 the ownership of the Journal was transferred to the association, and it was placed under the editorial and business management of Dr. J. W. Stearns, professor of philosophy and pedagogy in the State University. In 1891 the Midland School Journal, published in Madison, was combined with the Wisconsin Journal of Education, which is now controlled and edited by J. W. Stearns and A. O. Wright. By the state law "each school district clerk and each town clerk or secretary of a town board of directors, may subscribe annually for one copy of the Wisconsin Journal of Education to be paid for by the district or town respectively, out of the school money."

FREE PUBLIC LIBRARIES.

In 1876, the Wisconsin legislature passed an excellent law for the establishment and maintenance of free city and village libraries. The bill enacted into law at that time was prepared by the American Library Association, and is shown at secs. 931-936, Revised Statutes. It provides that the common council of a city, or the board of a village, may submit the question of establishing and maintaining a local library to a popular vote. If a favorable result is secured, an annual tax, not to exceed one mill on a dollar of the taxable property, may be levied for library purposes. The control of such libraries is vested in a board of nine directors, whose members are appointed by the mayor or by the president of the village board, subject to confirmation by the council or board. These directors are divided into three classes, and each class holds for a term of three years.

Every library and reading room established under this act must "be forever free for the use of the inhabitants of the city, town or village where located, always subject to such reasonable rules and regulations as the library board may find it necessary to adopt and publish, in order to render the use of said library and reading-room of the greatest good to the greatest number." This last provision has shaped the management of the best of the libraries founded under it and has made them worthy models for those that may be established in the future.

Aside from those supported wholly by local taxation there are a number of other free libraries which derive their income wholly or in part from private sources. The Mabel Tainter Memorial Library building, of Menomonie, was erected and equipped by Andrew Tainter at a cost of more than \$75,000. Mr. Tainter also bears the expense of supporting the library. The late T. B. Scott left \$10,000 as an endowment for a library in Merrill and the same amount to a library in Grand Rapids. J. D. Wilter also gave \$5,000 as an endowment to the Grand Rapids library. The Vaughn Library at Ashland is supported by Mrs. E. Vaughn who gives to it the rentals from a large business block in which the library is located. The Washburn Library at La Crosse was inspired by a bequest of \$50,000 by the late C. C. Washburn. The Williams Free Library at Beaver Dam owns a building erected by J. J. Williams at a cost of \$25,000 and has an endowment fund of \$10,000 left by the late William Drown. The Green Bay Library has an endowment fund of \$15,000 given by the late R. B. Kellogg. The Harwood Library at Wauwatosa and the Mann Library at Two Rivers are also indebted to private parties for generous benefactions. Mr. Mead, a banker of Sheboygan, left a bequest of \$20,000, under certain restrictions, which will ultimately be used to found a library in that city.

A state library association was formed in Madison, February 11, 1891, "to promote the library interests of the state of Wisconsin." Annual meetings have been held, and the association has secured the improvement of libraries already established, and has aided in establishing others.
