CHARITABLE BINGO AUTHORIZED*

Amending Art. IV, Sec. 24

1971 JR 31; 1973 JR 3; Adopted April 3, 1973

Ballot Question: "Shall section 24 of article IV of the constitution be amended to permit the legislature to authorize bingo games to be operated by religious, charitable, service, fraternal or veterans' organizations licensed by the state? (Note—The constitution presently provides that the legislature shall never authorize a lottery (a chance for a prize for a price). Therefore, bingo games conducted as a lottery are prohibited. A 'yes' vote on this amendment would permit the legislature to authorize religious, charitable, service, fraternal or veterans' organizations, and any organization to which contributions are deductible for state or federal income tax purposes, to operate state licensed bingo games. The amendment would also require that all profits accrue to the benefit of the licensed organization and that no salaries, fees or profits could be paid to any other organization or person.)"

Text of Section: "(Article IV) Section 24. The legislature shall never authorize any lottery, or grant any divorce, *but may authorize bingo games licensed by the state, and operated by religious, charitable, service, fraternal or veterans' organizations or those to which contributions are deductible for federal or state income tax purposes. All profits must inure to the licensed organization and no salaries, fees or profits shall be paid to any other organization or person.* Except as the legislature may provide otherwise, to listen to or watch a television or radio program, to fill out a coupon or entry blank, whether or not proof of purchase is required, or to visit a mercantile establishment or other place without being required to make a purchase or pay an admittance fee does not constitute consideration as an element of a lottery."

EQUALITY OF THE SEXES*

Amending Art. I, Section 25

1971 JR 44; 1973 JR 5; Rejected April 3, 1973

Ballot Question: "Shall section 25 of article I of the constitution be created to prohibit the denial or abridgement of rights and protections under the law on the basis of sex? (Note—Wisconsin statutes presently contain a number of provisions which treat persons differently, under the same or similar circumstances, on the basis of differences in sex. A 'yes' vote on this amendment would require a revision of many such provisions and would provide a constitutional foundation under Wisconsin law for requiring that a person's sex be excluded as a valid consideration in determining legal rights, privileges and immunities as well as legal duties and responsibilities.)"

Text of Section: "(Article I) Section 25. Equality of rights or equal protection under the law shall not be denied or abridged on the basis of sex."
