

The band shell is located on the Fox River bank and South 1st Street. Donated by ten businessmen who held dances to fund this project of a shell for the enjoyment of music, the "Ten Club" Park has been a Waterford centerpiece since 1920.

Entertainment of bands, musical instrumental programs, and tap dancing performances were free, as the people sat on their blankets or in cars parked, at an angle on 1st Street.

Santa always found his way to "The Ten Club" park.
